

Headteacher: Mrs H T Andrews

Our Ref.:

January 2012

RECOMMENDATIONS

It was an absolute pleasure having you at our school, you were hugely inspirational and the children learned so much about African culture. It was wonderful to see how the usually quiet children lost all their inhibitions and joined in the various fun activities.

Headteacher

World Muzik Makers were amazing and I'm not prone to hyperbole! The kids were buzzing after each session with them and the assemblies which were produced were brilliant. Nyemu and Wedzi both had a lovely manner with the kids and the whole experience was enjoyable for everyone. We were lucky to find them!!

Year 6

Thank-you very much for your inspiring dancing and drumming workshops. The children were captivated and left your workshops brimming with self - confidence. As a result they were eager to share their enthusiasm and their thoughts through descriptive writing. After performing an assembly to our parents one child commented " that was the best time ever!"

Year 5

Thank you so VERY much for all your hard work this week. Not only were the children enthused and captivated by your style of teaching but staff were too.

-EVERY moment was WELL spent. We feel blessed that, out of the many companies out there on the internet, we chose yours to come to our school; to help promote our African topic. We would, without hesitation, recommend your company to other schools.

Year 4

Year 3 thoroughly enjoyed their learning experience with Nyemu and Wedzi. They learned how to write a story through dance and it inspired me as a teacher to see how easy it was for the children to write having experienced something first hand. After the dance workout they were really energised and excited to learn more about Africa. The African drumming was sensational! The children experienced African culture and were thoroughly enriched as a result of this experience. Thank you for instilling special memories for us. We will use our experience in our forthcoming assembly. Many thanks

Year 3

The African dancing and drumming workshops were fantastic! Children absolutely loved taking part, dancing to the beat of the drum and having a go themselves at playing the drums. All children got involved and thoroughly enjoyed it!

Year 2

Thank you so much, you really captured the children's imagination taking them on a trip to Africa! The children were all engaged and enthusiastic. They experienced dancing like a variety of jungle animals and learnt a lot about how to move their bodies to a beat. During the drumming workshop the children had the fantastic opportunity to play an African drum in different ways - slow, fast, loud and quiet. The children are already asking when you are coming back again!
